

The 21th Symposium on the Society of Iodine Science

September 14, 2018

Keyaki Kaikan Hall in Chiba University, Chiba, Japan

SPONSORED by **SIS** The Society of Iodine Science

COSPONSOR : The Chemical Society of Japan

Japan Iodine Industry Association

Chiba University

General Information

The 21th Symposium is organized under the Society of Iodine Science (**SIS**) and is co-sponsored by a number of Chemical Societies and Industries in Japan. Within the framework of the Symposium,

(a) Award lectures/Invited Lectures

(b) Poster Presentations, on original research and applications

(c) Banquet

will be involved.

Message from SIS Chairman

I am Takashi Fujino, the Chairman of the Society of Iodine Science (SIS). I would like to extend my warmest greetings to you on the occasion of this symposium.

Twenty years have passed since SIS was first established as the Forum of Iodine Utilization (FIU) in 1998. At the time, Japan's iodine production was the second highest in the world after Chile's, but the state of research on iodine utilization was not necessarily robust. Much of the iodine was exported as a simple substance and imported from Europe and the United States in the form of expensive pharmaceutical products. To remedy this situation, FIU was established by volunteers from industry and academia with support from Chiba Prefecture and other entities. The forum was reorganized and given its current name of SIS in 2007.

We believe SIS has achieved steady progress in the development of iodine chemistry and technology by continuing to conduct annual activities such as symposiums, research assistance, awards, and the publication of newsletters and journals.

As a result of the acceptance by the Ministry of Education, Culture, Sports, Science and Technology (MEXT) of the application for "Projects of Empirical Research Base for Regional Development" submitted by Chiba University and Chiba Prefecture in 2016, the opening ceremony for Chiba Iodine Resource Innovation Center (CIRIC) on the campus of Chiba University was held in June 2018. At CIRIC, Chiba University and four businesses will conclude a comprehensive partnership agreement to promote open innovation in noncompetitive areas while maintaining a closed environment in competitive areas. CIRIC is most likely the only research facility in the world to be established primarily for the purpose of iodine research. We have high expectations that CIRIC will have a major impact on the field.

SIS will continue to make a wide range of efforts so that everyone involved in iodine science and technology, including researchers and businesses that are not part of the current comprehensive partnership agreement, can enjoy the fruits of open innovation. We believe that the active exchanges of information and diverse discussions held at this symposium are certain to contribute to further progress in the field of iodine.

As in previous years, the symposium features a dense lineup of lectures, poster sessions, award lectures, and other presentations in a wide range of fields. We sincerely hope that each of you will discover something new here, and we look forward to your continued guidance and support for SIS.

Takashi Fujino, Chairman, The Society of Iodine Science
(President and CEO, Ise Chemicals Corporation)

Official Language

Official language is Japanese. No official simultaneous translation in English will be offered. Presentations for both the oral and the poster presentation welcome in English.

Registration Fee

Deadline Aug. 11, 2018

Registration Fee (for **SIS** members, including 1 booklet of abstracts; transactions)

Reduced Registration Fee (before August 11, 2018):

SIS -Members		1,000 yen
Members of Co-Sponsored Society [☆]		1,000 yen
Non-members [☆]		3,000 yen
Students [☆]		Free

[☆]Non-**SIS** members who require the booklet need to pay 2,000yen.

※Everybody is welcome to join **SIS**. Membership fee is 2,000 yen/year. (Students are 1,000 yen/year)

After Aug. 12, extra 1,000 yen is needed in every category. After registration by E-mail or Facsimile, you will pay the reduced registration fee at the symposium reception desk (On-site payment).

Banquet (at KEYAKI Reception Hall, Chiba University):

Every Participants	4,000 yen
(Every Students)	2,000 yen

Time Table (September 14th)

9:20~9:25	<Opening Address > TAKASHI FUJINO (Chairman of SIS)
Chair : T. Kaiho	
9:25~10:05	<Invited Lecture> HIROYUKI ABE (Japan Tobacco INC.) “Discovery of a MEK Inhibitor: Trametinib DMSO(Mekinist®)”
Chair : A. Itoh	
10:05~10:20	<Oral Presentation> TAKAHIRO HORIBE, S. OHMURA, K. ISHIHARA (Nagoya University) “Selenium-iodine cooperative catalysts for chlorocyclization of tryptamine derivatives”
10:20~10:35	<Oral Presentation> SOICHIRO MITA ¹ , C. DONG ¹ , K. NAKAMURA ¹ , T. TANIGUCHI ² , S. KODAMA ¹ , S. KAWAGUCHI ³ , A. NOMOTO ¹ , T. MIZUNO ⁴ , A. OGAWA ¹ (¹ Graduate School of Engineering, Osaka Prefecture University, ² Seika Corporation; ³ Faculty of Agriculture, Saga University, ⁴ Osaka Research Institute of Industrial Science and Technology) “Aryl Iodide Synthesis Using Aryl Hydrazines and Iodine”
10:35~10:50	<Oral Presentation> RYOSUKE HARAGUCHI, S. HOSHINO, M. SAKAI, S. TANAZAWA, J. HAMANO, Y. HIRAISHI, K. ENDO, K. TORITA, S. FUKUZAWA (Department of Applied Chemistry, Institute of Science and Engineering, Chuo University) “Development of Highly Active Halogen-Bonding-Donor Catalysts Based on Bulky Cationic Heterocycle”
10:50~11:05	<Oral Presentation> KATSUHIKO MORIYAMA, T. HAMADA, K. ISHIDA, H. TOGO (Graduate School of Science, Chiba University) “1,3-Iodo-amination of 2-Methyl Indoles with Electrophilic Iodination Reagents”
Chair : K. Ishihara	
11:05~11:45	<Invited Lecture> WENBO LIU, LU LI, CHAO-JUN LI (McGill University) “Iodine Effect in Transition-Metal Free Photo-Enabled Reaction of Aryl and Alkyl Halides”
11:50~12:45	<Short Speeches on Poster Presentations>
POSTER PRESENTATIONS KEYAKI Reception Hall (3F)	
12:00~14:55	Display 12:00~14:55, Presentation, question and answer 13:40~14:55
COMMENDATION CEREMONY and LECTURES KEYAKI Hall (1F)	
15:05~15:10	Commendation ceremony
Chair : S. Takahara	
15:10~15:45	<Award Lecture> TORU MIYAJIMA ¹ , YUSUKE MATSUBARA ¹ , MICHIIHIKO MIYAMOTO ² , HIROTO KOMATSU ² (¹ SDP Global Co., Ltd, ² Godō Shigen Co., Ltd) “Development of New Organoiodine Transfer Agent for Iodine Transfer Polymerization in Aqueous Media and Its Application to Superabsorbent Polymer”
Chair : S. Matsumoto	
15:45~16:00	<Oral Presentation> TOMOKO YAJIMA ¹ , S. NAKAMURA ¹ , M. SANO ¹ , M. UENO ¹ , T. KANBARA ² (¹ Faculty of Science, Ochanomizu University; ² Daikin Industry Ltd.) “Synthesis of Alkyl Iodide Initiators based on the photoinduced iodo-perfluoroalkylation”
16:00~16:15	<Oral Presentation> Y. MATSUI ^{1,2} , A. SAKAI ¹ , S. NISHIDA ¹ , T. ARI ³ , E. OHTA ^{1,2} , HIROSHI IKEDA ^{1,2} (¹ Grad. Sch. of Eng., Osaka Pref. Univ.; ² RIMED, Osaka Pref. Univ.; ³ Sch. of Eng., Osaka Pref. Univ.) “Creation of Room-temperature Phosphorescent Crystals Employing Heavy Atom Effect of Iodine”
16:15~16:30	<Oral Presentation> SHOZO YANAGIDA, O. YOSHIKAWA, T. KIDA (Osaka Univ. and M3 Inc) “DFT-based Verification and prediction of hypervalent and halogen-bonding in iodine derivative”
Chair : T. Imakubo	
16:30~17:10	<Invited Lecture> FRANCK MEYER (Université Libre de Bruxelles) “Halogen Bonding: A Reliable Tool in Crystal Engineering and Materials Science”
17:30~19:00	BANQUET KEYAKI Reception Hall (3F)

An introduction by the chairman and a five minute question-and-answer period are included for the every lecture.

Poster Presentation

All posters should be posted between 12:00 and 14:55.

Presenters are requested to be at their papers for discussions:

“S” mark before the poster number shows to give a short speech on poster presentation.

No.	“Title” <u>Author</u> , Co-authors (Affiliation)
S01	“Hypervalent Iodine(III)-Mediated Decarboxylative Acetoxylation at Tertiary and Benzylic Carbon Centers” <u>DAICHI OKUMATSU</u> , K. KIYOKAWA, S. MINAKATA (Graduate School of Engineering, Osaka University)
